

# How Can Christians Understand and Respond to the Concept of the "Great Reset" in Light of Biblical Prophecy?

Sixbert SANGWA • November 20, 2024

In recent years, *The Great Reset* has evolved from a vague concept dismissed by many as a conspiracy theory into a publicly acknowledged agenda discussed openly by influential leaders and organizations. This shift from secrecy to transparency is strategic: presenting the agenda as a solution to the world's pressing problems—economic inequality, climate change, and societal division—makes it appear noble and necessary. However, beneath the polished rhetoric and humanitarian language lies a troubling alignment with biblical warnings about the rise of the Antichrist.

To understand the spiritual implications of this agenda, Christians must discern what is being proposed, why it is appealing to many, and how it fits into the prophetic framework of the Bible.

## **The Great Reset: A Global Transformation**

The Great Reset became a central theme during the 2020 World Economic Forum (WEF) conference in Davos, Switzerland. Publicly described as a plan to rebuild global systems in a way that promotes sustainability and equity, the initiative seeks to restructure healthcare, finance, education, energy production, and governance. Klaus Schwab, the WEF's founder, boldly stated, *"The pandemic represents a rare but narrow window of opportunity to reflect, reimagine, and reset our world."* ([WEF,2020](#))

The proposals under the Great Reset aim to centralize control over global systems, introducing frameworks for digital oversight, resource management, and unified economic policies. Advocates tout these changes as necessary to address crises like climate change and future pandemics. Yet, when viewed through the lens of Scripture, such centralization of power raises alarms about its potential role in the prophetic vision of a one-world government, the Antichrist framework.

## **A Wolf in Sheep's Clothing**

On the surface, the Great Reset appears benevolent—offering solutions to poverty, inequality, and environmental degradation. However, history and Scripture warn us that centralizing authority under human leaders often results in abuse of power and the erosion of personal freedoms. The Bible offers a precedent in the Tower of Babel ([Genesis 11:1-9](#)), where humanity's attempt to unite under one system was thwarted by God due to its rebellion against Him.

Similarly, efforts to create a *New World Order*, as openly discussed by globalists, reflect humanity's continued ambition to consolidate power. The New World Order—a term associated with the Illuminati's plan for global domination and control—is often linked to centralized governance, digital currency, and global control. To mislead people, various terms are being used to describe this agenda. These include "*Great Reset*," "*New Global Order*," "*Multinational cooperation*," "*New Era*," "*Global Governance*," "*Sustainable Development*," "*Fourth Industrial Revolution*," and "*Stakeholder Capitalism*." While these terms may have different connotations and are often presented in a positive light, they all essentially point to the same underlying agenda of centralized global control. It's important for discerning individuals to recognize these different labels as part of a unified strategy, regardless of how they are framed or marketed to the public. This has eerie parallels with the system the Bible describes as the Antichrist's dominion. As ([Revelation 13:16-17](#)) warns, this coming regime will enforce an economic system where *"no one can buy or sell unless he has the mark: the beast's name or the number of its name."*

Though the Great Reset's language may not explicitly invoke biblical prophecy, its ultimate goals align with Satan's strategy to prepare the world for the Antichrist's rule: a centralized system of control that subjugates individuals and nations under one global authority.

## **The Great Reset and Biblical Prophecy**

Scripture outlines the rise of the Antichrist and his one-world government during the tribulation period, which bears striking similarities to the goals of the Great Reset initiative. ([Revelation 17:12-13](#)) prophesies that ten kings will receive authority alongside the beast, giving their power to him. This global federation, as described in ([Daniel 7:23](#)), will *"devour the whole earth, trample it down, and crush it."* The Great Reset's emphasis on centralized economic and political power aligns closely with these biblical predictions, regardless of its purported humanitarian goals.

The initiative's push for digital currencies, sustainable development, and global governance mirrors the economic centralization described in ([Revelation 13:16-17](#)). Such systems, including the proposed implementation of a digital ID, could potentially be used to enforce compliance with the Antichrist's demands, including the infamous *"mark of the beast."* Furthermore, the Antichrist's rise to power, as prophesied in ([Daniel 8:25](#)) and ([1 Thessalonians 5:3](#)), involves offering false peace and solutions to global crises. Similarly, the Great Reset capitalizes on genuine global challenges, using them as a platform to gain public trust while advancing an agenda that centralizes control and diminishes individual sovereignty. The push for a one-world religion, often disguised as interfaith dialogue or spiritual unity, aligns with the religious deception prophesied in the end times ([2 Thessalonians 2:3-4](#),[Revelation 13:11-15](#)).

Dr. Arnold Fruchtenbaum, a Jewish scholar of Bible prophecy, identifies a sequence of events leading to the seven-year tribulation. Several of these events have already occurred: World Wars I and II, the re-establishment of Israel as a nation in 1948, Jewish control of Jerusalem in 1967, and a period of relative peace and false security following World War II (see ([1 Thessalonians 5:1-3](#))). This last event aligns with the globalists' rhetoric of peace and security, despite ongoing conflicts. Future events include the invasion of Israel by a *northern alliance* of nations (see ([Ezekiel 38:1-39:16](#))), the rise of a one-world government, a federation of ten kingdoms, and the emergence of the Antichrist. A crucial event will be the signing of a seven-year covenant with Israel (see ([Daniel 9:27](#))). When the Antichrist brokers this *"peace treaty"* between Israel and its neighbors, the time of the tribulation can begin. The United Nations, often viewed as an Illuminati pilot project for global governance, already foreshadows this one-world government structure. While the Great Reset itself may not directly usher in the Antichrist's reign, it undeniably lays the groundwork for a system that aligns with biblical prophecy, building upon the foundation established by the UN ([Fruchtenbaum, 2003](#)).

It's important to note that the rapture of the church could occur at any time between now and the signing of a seven-year covenant with Israel, which marks the beginning of the tribulation. While we cannot definitively state that the Great Reset will lead to the prophesied one-world government, its goals for globalist programs and controls, including digital ID systems and efforts towards religious syncretism, certainly align with the characteristics of such a system. As Christians, we must remain vigilant and discerning, understanding these events through the lens of Scripture while trusting in God's sovereign plan.

## **A Christian Response to the Great Reset**

In a world increasingly enamored by globalist ideals, Christians must respond with discernment, courage, and hope. Several principles can guide us in this endeavor. First, we must recognize the spiritual battle at hand. As ([Ephesians 6:12](#)) reminds us, our struggle is not against flesh and blood, but against spiritual forces of evil. The Great Reset is not merely a political or economic movement; it is part of a larger spiritual conflict that seeks to align the world against God.

Secondly, we must be vigilant against deception. Jesus warned about deception in the last days, urging us to *"Watch out that no one deceives you"* ([Matthew 24:4](#)). Christians must carefully evaluate global agendas, recognizing that even seemingly good initiatives can have sinister underlying motives. At the same time, we must trust in God's sovereignty. No matter how powerful human systems become, God's plan will prevail. As ([Proverbs 19:21](#)) states, *"Many plans are in a person's heart, but the Lord's decree will prevail."* The Great Reset and similar movements are ultimately subject to God's authority.

Amidst the uncertainty of global trends, our mission remains unchanged: to focus on the Gospel and share it with others. We are called to make disciples ([Matthew 28:19-20](#)), and the rise of globalism may indicate the approach of the end times, but it also offers opportunities to witness to the hope found in Christ. Finally, we must prepare for the true reset. The ultimate *"reset"* will not be man-made but divinely orchestrated. When Jesus returns, He will establish a kingdom of perfect justice, peace, and righteousness ([Revelation 21:1-4](#)). Until then, our hope rests in His promise: *"Look, I am coming soon! My reward is with me, and I will give to each person according to what they have done"* ([Revelation 22:12](#)).

## **Conclusion:**

The Great Reset represents humanity's latest attempt to rebuild the Tower of Babel—a global system that exalts human ambition over God's authority. While its proponents present it as a solution to the world's challenges, its underlying goals align disturbingly with the prophetic vision of the Antichrist's kingdom.

As Christians, we must remain vigilant, discerning the times without succumbing to fear. Though the world may seem increasingly unstable, we serve a sovereign God whose plans are unshakable. Let us keep our eyes fixed on Christ, proclaiming His gospel and preparing for His imminent return. This preparation includes both spiritual readiness for the rapture and active engagement in fulfilling the Great Commission.

Ultimately, the Great Reset is but a shadow of the ultimate transformation that will occur when Jesus Christ returns. ([Revelation 1:7](#)) declares, *"Look, he is coming with the clouds, and every eye will see him."* Christ's return will usher in true justice, peace, and righteousness—establishing the eternal reign of the King of Kings.

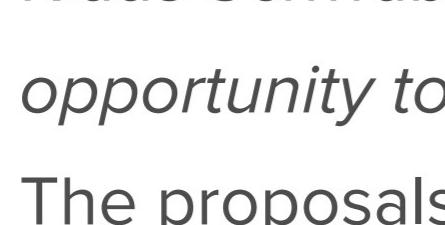

In light of global trends, Christians are called to stand firm, proclaim the gospel, and trust in God's eternal plan. Our hope rests in the sovereign Lord, who alone orchestrates the events of history according to His perfect will. Let us live with eyes fixed on eternity, eagerly anticipating Christ's return and the day when He will reset the world for His glory. As we await this glorious event, may we heed the words of ([1 Thessalonians 5:6](#)), *"So then, let us not sleep, like the rest, but let us stay awake and be self-controlled."* For as ([1 John 2:17](#)) reminds us, *"The world and its desires pass away, but whoever does the will of God lives forever."*
